

MIDLANDS COVID-19 ACTION TEAM

Education on COVID-19

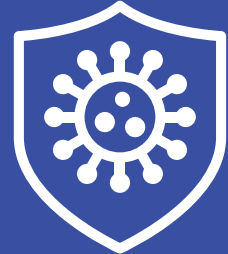

Learn about vaccines and ways to prevent and control infection.

- Virtual and in person presentations
- Handouts
- Q&A sessions
- Providing accurate information and dispelling myths
- Able to work one-on-one to address concerns.

COVID-19 Testing

- Onsite and fast
- Pain-free oral or nasal swab
- Free
- Get results within 72 hours

Vaccination Clinics

All vaccines are safe, effective and free. They protect people from getting sick or severely ill with COVID-19.

- The Pfizer vaccine is FDA-authorized for those 12 and older.
- Moderna and Janssen (Johnson & Johnson) vaccines are authorized for 18 and up.
